## A&R Submission Guidelines

### ABOUT US

---

Please take the time to review the about us section on our webpage at [www.degy.com](http://www.degy.com).

Our artist submission review is based heavily on the videos you submit and the detailed answers you provide on the form.

### VIDEO TIPS

---

Due to the markets we serve, please limit the amount of profanity, nudity, and drug and alcohol use in your submission videos.

The videos you submit need to demonstrate a live performance with live audio. Prerecorded or edited or enhanced audio in any way will not be considered. We prefer "true" live video examples that do not include promo reels or music videos. Please try to avoid social media videos (Instagram, Facebook) due to the low video quality.

The videos you submit need to demonstrate the configuration (Solo, Duo, 4-piece Band etc.) you would like to be represented as. For example, if you are a duo, the videos need to showcase performances as a duo. If you are a band, the videos need to showcase the full, consistent band.

### HOW TO APPLY

To apply, complete the submission form for prospective talent

**[SUBMIT FORM HERE!](#)**

Please note the more detailed and thorough the better.
